Dear Future Mother,

If you are reading this website now then it's a good bet that you or someone you know is in a great deal of pain and sorrow. Through all your hard work and persistence you have not been able to conceive a beautiful child to love, care for and to finally call your own.

The Pain you are feeling is unbearable.....

You can't Sleep or Eat

You feel empty inside, like someone just tore out your heart and you know that no one on earth cares or can understand the depth of your sadness and grief.

"You can't even stand to be around your best friends who have gotten pregnant Time after Time and think that if you just RELAX you too will get pregnant "

You also feel a GREAT since of Regret that if you only had done things differently that you would be Pregnant today. You wonder what you must have done in the past to yourself that has made you Not be able to conceive a Baby, when it has been so easy for

the rest of the world.

If you are serious about GETTING PREGNANT right now, then you have come to the right place.

Everything you are about to read is honest, easy and has worked for countless women and couples who have used this method for having there first, second or even their third Baby. And not only are people having Babies, but they are also saving thousands and thousands of dollars in Fertility Treatment that can range form the VERY LOW \$5,000.00 to over \$23,000 for Advanced "In Vitro Fertilization (IVF)."

And Don't forget about Adoption. Which can cost as much as \$45,000.00 and your not even Guaranteed that you will receive the child if the Birth Mother decides to change her mind at the last second after giving birth and you have been paying all her bills and medical costs month after month.

What is even worse than all the money you may have to spend is the thought that you are constantly worried about what your spouse thinks of you. You may think that they will fall out of love with you cause you couldn't give them their own child. You feel that they may want to find someone else who can finally give them their very own Baby and not just the hope that before they get too old that they may have the child that they have always dreamed of and will ultimately blame you.....

**My "Maximum Fertility System"
can work for you and finally put to rest all the agony and
pain you have gone through to get Pregnant**

I know what you must be asking yourself right about now. "What in the heck does this guy know about my fertility problems and what makes him (A MAN) think he can help me."

"Please, Don't take my word for it. Why don't you read the findings of the "Harvard Behavioral Medicine Program for Infertility" studies that were conducted on woman who had been Infertile for up to 10 years"

Doctors at the Harvard School of Medicine Conducted a 5 year study using the same methods and techniques taught in my Maximum Fertility System and the findings were stunning.

174 Women went through a very easy and very enjoyable Mind/Body Fertility protocol

The Results were Stunning.....

60% of all the women in the group who said they had been depressed and stressed by life and work caused by trying and not conceiving a baby, BECAME PREGNANT !!!!!

NO, this is not a typo....

Real Woman who had been Infertile for up to 10 years in the past and to make matters worse were feeling the grip of Depression in their lives were now getting pregnant at the rate of 6 out of every 10 women in the study!!!!

What's even more Exciting is that this 60% Success Rate was only using One of the Keys to Successful Fertility in my "Maximum Fertility System"

"What's most exciting about the Maximum Fertility System is that you will actually feel the results of the System working after just a few days on the System !!!"

"Before I explain what the Maximum Fertility System is. Let me take a moment and tell you what the system is NOT"

- 1. It is not some pill with weird Herbs from the South of China.**
- 2. No Strange Physical Exercises.**
- 3. Not Based on Acupuncture or sticking needles in any part of the Body.**
- 4. No Strange Massage Techniques to somehow massage or stimulate the Ovaries.**
- 5. Not some kind of Calendar counting Technique based on the phases of the moon.**

I'm sure that some of the things that I have mentioned above can work from time to time, but I'm letting you know that my Maximum Fertility System is not at all or in any way based upon any thing listed above. Oh, just to be crystal clear, no part of my system is

based on old wives tales or superstitions from the past that your great grandmother may have already told you worked for her in the early 1900's

The Maximum Fertility System is based on PURE SCIENCE

So What is the Maximum Fertility System

The Maximum Fertility System is a No-Nonsense Step-By-Step process that is fun and very enjoyable at every stage of rebuilding your fertility Health to a level where you will achieve conception of a baby, Your baby. Remember that's why we are doing all this.

Before I get into all the bullet points about the system, please let me take a moment and explain something very important about my System that may Shock and Surprise you!!!!

The System takes NO WORK on your part. All the System asks you to do is find a couple of minutes a day when you can be alone and when you can block out the world around you. In fact you could use the system while you are on a lunch break. You will just have to take a lunch break by yourself.

What's also Wonderful about the Fertility System is that you will not only notice that in a short period of time that you will become pregnant guaranteed or your money back (see my no questions asked money back guarantee at the bottom of this page) But you will also see changes in your everyday life.

You will notice.....

1. Better control of Stressful situations.
2. Better communication with your Spouse.
3. A renewed feeling of Calm and Peacefulness in your life.
4. Rekindle relationships with friends that you have not talked to due to Fertility Envy. *(You know what I mean, The friends who you don't want to speak to because they can get pregnant every time the wind blows or at every Full Moon. Some people call them "Fertile Myrtles")*
5. Increased regularity in Menstrual Cycles.
6. Less Cramping on a Monthly Basis.
7. More Physical Energy.
8. Possible Decrease in Appetite Due to Stress Related Eating.
9. Possible Weight Loss.

Oh by the way there is one other
FRINGE BENEFIT.....

INCREASED SEX DRIVE !!!!!!!!!!!!!

Sure you may be laughing about the increased sex drive, but if you know anything about

reproduction and I'm sure you do, then you know that increased vaginal fluids assist in delivering the Sperm to the front door of your egg that is waiting to be fertilized. So laugh it up, but also remember that your chances of conceiving go sky high when the female is in a state of "HIGH AROUSAL" and lets be honest who wouldn't want an increased Sex Drive and Better Sex for that matter.

Let me also be clear that this System is Based on Science and the Increased Sex Drive is just a By-Product of the "Maximum Fertility System" not the main Goal.

"So, What is the Maximum Fertility System????"

The Maximum Fertility System is a 4 Part Protocol of VERY EASY Step-By-Step FUN and Relaxing Mind and Body Exercises that require NO physical exercise. In fact, you will be completely still and your body will be in a State of DEEP RELAXATION while following the System.

Protocol #1

Week one you will focus on Reprogramming your subconscious Mind for Maximum Relaxation and Health. The Goal is to start getting into a DEEP State of Relaxation which will lower Blood Pressure and increase blood flow in the body. This Protocol is also developed to condition your body to produce LESS Cortisol and Epinephrine Hormones. These Hormones are the "Fight or Flight" response we all have when put under increased STRESS. When this happens Cortisol and Epinephrine tell the body to release FAT into the Blood Stream to help you run "Flight" and Constrict Blood Vessels "Fight" so if you were hurt in a fight you would bleed slower and not die of blood loss in a fight. But in this day and age we don't literally run away from things like our Boss or the Line at the Post Office (we get in our car) and We most certainly don't walk around fighting other people. So what we end up with is Lots of Fat in our Blood Stream and Constricted Blood Vessels which do nothing but make it more and more difficult to conceive the Baby of your dreams. This Protocol lasts for 7 short days and only takes about 11 minutes a day to complete.

Protocol #2

Week two is focused on Muscular Relaxation and Decreased Cortisol production while in a Theta State. Protocol #2 is based on the "DeVasto Technique" of Theta Muscular Response.

I know this sounds a little DEEP but let me put this in simple real word English. One of the large problems that hampers reproduction of the female is not being fully relaxed at a muscular level. When a women can not fully relax her muscles during love making with the explicit Goal of Procreation (Baby Making) it makes it very difficult for the Sperm to follow on the natural path to egg fertilization. Increased muscle tension can also cause vaginal fluids to be diverted away form the egg thus hampering the egg fertilization.

Protocol #3

Week three focuses on the Ovaries with Follicle Development in mind. The Goal is to Increase Follicle Strength and to make the Ovary as slick as possible without the use of Drugs or Shots. Please Note: that if you are seeing a Fertility Specialist Protocol #3 is Crucial to your success and works in tandem with your fertility Doctor. Protocol #3 is where the BIG BREAKTHROUGHS happen. Most women who have fertility problems have trouble releasing Eggs from their Ovaries. There are Drugs that will assist in making the Ovaries Slick and more apt to release the egg but most of the release problems can be traced back to the Brain and the release of Stress hormones.

"After Protocol #3 you will understand why women who Adopt a child or go through In Vitro Fertilization and conceive are SHOCKED AND STUNNED when they become pregnant on their own just months after having a child. Finally this Mystery is Solved!!"

Protocol #4

Most of this Protocol is Confidential and will be revealed to Practitioners of the Maximum Fertility System. What can be said about the 4th and Final Protocol is that it is put into action 5-7 Days Before Ovulation occurs and is the most INTENSE and most ENJOYABLE part of the entire System. This final week is devoted to and focused on creating the perfect Biological environment for the act and completion of Egg Fertilization.

Here is a Small Sample of the Techniques Used in the Maximum Fertility System.....

- **The Most Exact Way to Start the Fertility System**
- **The ONLY Lubricant that can be used During Love for people with Fertility Problems. (If you don't have this info you may just be wasting your time hoping in vein you will get pregnant)**
- **What is Hostile Mucus (It Kills Sperm!!!)**

- **How to Cure Hostile Mucus.**
- **The 4 Days a month you should NEVER have Sex if you are trying to get pregnant.**
- **The Secret Condom Method (How a Condom can Dramatically Increase your Chances of Conceiving. All based on Scientific Research)**
- **The One Secret Phrase to Tell a Man that in many cases makes him release more Sperm when he Climaxes (For Adults Only)**

As part of the Maximum Fertility System you will also receive a VERY Secret Technique that a Female performs on her Mate just before he releases his Sperm while in the 24 Hour Window of Maximum Fertility. As not to be X-Rated let me just say that this Technique is used to DRAMATICALLY INCREASE the Force of the Ejaculation which propels the Sperm Harder and Faster towards the Females egg waiting to be fertilized.

Warning: this Technique should Only be used in the 24 Fertility Window and not at any other time of the month.

**Now, you must take
the next step.**
